

# LEGION OF MARY

## ARLINGTON REGIA

1 April 2007

Dear Presidents of Attached Councils and Praesidia,

### HANDBOOKS FOR SALE

According to our Concilium correspondent, Joe Jackson, the official Legion handbook is to be purchased by a new member and by an old member needing to replace their old handbook. That is not to say each potential new active member must pay on the spot at the first meeting. The potential new member should be given a book, and be told the handbook may be used until they make a decision about joining, but please do not make any marks in it because it ultimately will be purchased by someone.

When a handbook is purchased, an entry into the ledger must be made by the treasurer, because this is income. During visitations, this will be an item of interest.

In the service of Our Lady,

Dennis G. Monroe  
Regia President
